

We got all the spareparts, and deliver wherever you are

Henry Marine A/S was founded in 1992 and ever since, we have supplied spare parts to professional ship owners and ship managers worldwide.

Henry Marine A/S has specialised in supplying spare parts from makers in Scandinavian as well as from makers in Northern Europe - we have the knowledge to search out any part you may need.

Our product range covers the needs of Bridge equipment, Engine equipment, Deck equipment; Galley equipment and Laundry equipment. Henry Marine A/S's employees have a unique knowledge and experience as Chief Engineer and Supervisor from shipyards, and this great experience of both maintenance and new building makes us able to guide you professional - whatever you want, wherever you are!

And we control everything before you get it

24 Hour Service

Henry Marine may be contacted 24 hours a day, 7 days a week, by fax or e-mail, which is checked continuously. In an emergency, we can always be contacted on our personal mobile phone - the numbers are listed on our website www.henrymarine.dk.

Quality Control

All delivered parts are thoroughly checked and inspected by our own quality control personnel to ensure that they meet the specifications for the ordered parts. This is to ensure correct delivery the first time!

Warranty

Henry Marine supplies parts with full warranty. If, however, a defect should occur in a delivered spare part the problem will be handled quickly and professionally, either by replacement or repair of the part through our worldwide service network of suppliers.
